

ROCKARMOR

INSTALLATION GUIDE

Vehicle:

- **Toyota Landcruiser 100 series (1997 - 2007)**

ROCKARMOR

INSTALLATION GUIDE

PLEASE READ THE FITTING INSTRUCTIONS CAREFULLY RECOMMENDATIONS:

- Having a second person present to help with fitting the bar
- Do not dispose of any spare washers and bolts
- Take care when unwrapping, do not use knife on bar as it will mark the powder coat
- Cable tie all wires to the back of the bar when mounting in order for it to be out of the way
- Use a Qualified Auto Electrician when wiring the lights to the vehicle. (Wiring Looms Not included)
- **POWDER COATING** - Fit the bar to insure all parts align correctly prior to powder coating the bull bar
- Regular maintenance may be required, cleaning the bar will ensure longevity. Washing the bar after beach driving is highly recommended. If powder coating is scratched off we recommend painting the defected area to prevent rust.

NOTE:

- Measure cut out before you start cutting .
- Do not dispose of genuine/original nuts and bolts as they are required.
- You may notice that there are a few spare washers and bolts, please do not dispose of the spares you may require spares later.
- Use flat washer and spring for every nut and bolt
- We Recommend that u use lock tight on all nuts and bolts .
- Insure all parts are accounted for prior to beginning the fitment.
- This item does not include the wiring loom, we recommend you use a qualified auto electrician to wire up your lights.

Fitting Instructions – Sidesteps/Rockslider

- Remove existing Side bar from the vehicle if any
- Unpack Side step from box
- Unwrap your new RockArmor Side Bar – please take care when doing so in order to avoid marking the powder coat when unwrapping.

- There are 3 mounting points to the chassis of the vehicle
- All are mounted using the U Bolts provided
- The front mounting bracket will require you to drill a 20mm hole in the Synthetic mould and feed the U Bolt around the chassis.

- The centre bracket aligns with the front of the cross member.
- When Installing the U Bolt do not put it on-top of any wires or pipes put it underneath to avoid damage.

- Rear Bracket is fitted similar as the centre bracket.
- Feed the U bolt behind the chassis to connect the brackets and tighten bolts.
- Adjust the side bar then tighten all the bolts.

Fitting Instructions – Sidesteps/Rockslider

Warranty

1.If any product or part of a product manufactured by Powerful4x4 Pty Ltd is found to be defective during a period of 12 months from date of purchase, Powerful 4x4 Shall repair (at the discretion of Powerful 4x4) the defective product or part.
